

## AUTOMATIC LAMINATOR – PLASTI 350 XP

### AUTOMATIC DOUBLE SIDE ROLL LAMINATOR.

Single or **double side automatic laminator** with automatic separator.  
Ideal for single side covers lamination and encapsulation with films from 25 to 250 microns.

**Automatic separation** will be performed either on single and double side BOPP overlapped sheets thanks to the powerful built in tear-off system.

**As standard configuration 1000mt** BOPP laminating rolls can be installed on top and bottom reel holder.

**Optional 3000mt** film upper and lower reel holder.

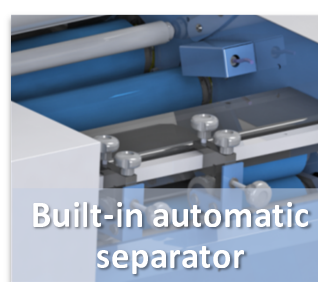

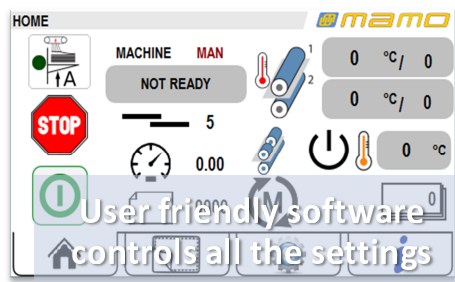

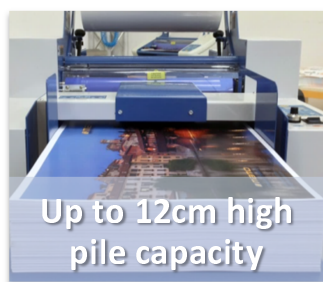

**Removable feeding plate** will make the first set up of encapsulation easier. 75mm diameter laminating rolls will grant perfect lamination result even at maximum speed.

**Independent adjustable temperature of the two laminating rollers** will preserve the quality of back print in case of single side lamination.

Automatic **high pile suction feeder** controlled by machine's PLC will adjust feeding speed accordingly to the laminating process in order to keep constant gap or constant overlap between the sheets.

Adjustable de-curling bar provides flat results on single side laminations.

All the settings and operations are controlled through one single **touch screen control panel** and software engineered to make machine's setting fast and easy even for unskilled staff.

... ITALIAN QUALITY DIGITAL FINISHING

## TECHNICAL SPECIFICATIONS:

- ✓ Max working width (mm): 340
- ✓ Max paper width (mm): 350
- ✓ Max paper thickness (gsm): 400
- ✓ Min paper thickness (gsm): 150 (slight variations may depend on paper type)
- ✓ Independent lower roller heating system can be switched off in order to allow single side (upper) hot lamination
- ✓ Max laminating speed: 5mt/min
- ✓ Touch screen control panel with preset functions
- ✓ Power consumption (W): 2200
- ✓ Power requirements (V - Hz): 230 - 50/60
- ✓ Dimension (mm): 730x750x1420
- ✓ Weight (Kg): 180
- ✓ MADE IN ITALY

## OPTIONALS:

- NEW** Rewinding kit for foiling/sleeking purposes
- NEW** 3000mt roll top reel holder
- NEW** 3000mt bottom reel holder
